Awsome company. They installed my 1st pool liner about 5 years ago, but then a neighbors tree felt into my yard back in August 2023 and damaged one end of the pool. I never thought to call em out to do the repairs as I assumed they only installed liners as it turned out, I was wrong. Subsequently, I had another horrible pool co come out and rip me off. They came out and gave me a great quote and gave solid advice on how to work w the other company. Great bunch of people, and I look forward to working with them again in the future . I Higley recommend Lazy Day Pools!!

This is the second time I had the opportunity to work with Lazy Day Pools. Chris and Mike are very professional and respond in a timely manner. The work performed was on time, professional and a great job. If anyone needs a pool repair or liner I will recommend Lazy Day Pools for the job.

We were in need of a new pool liner, and decided to also make some updates to our pool at the same time. We contacted Lazy Day Pools to give us an estimate and some ideas. Within a few days we were meeting with Chris, getting his input on what we could do and an estimate of costs. He listened to what we wanted and a plan was laid out. Our old fiberglass pool steps were taken out, concrete steps and a ledge were put in, all to be covered by the new liner. Every step of the way we were kept informed of who was coming and when. From start to finish we dealt with professional, knowledgeable, and friendly people. Thank you Chris, Mike, Isaac, Jeremy, and Danny and your crews for your hard work! It was truly a pleasure having you all be a part of our project; it is beautiful and exactly what we wanted!

This team was amazing! In the summer of last year we had to get our pool liner changed because our pool keeps leaking we used another company and it took them 2 months to fully complete the job. When the wind storm in August blew down a tree in our back yard we had to redo the pool liner again! Chris and his team was so fast and efficient it blew my mind! 10/10 recommend these guys are awesome!

Mike and the team have done the unimaginable by bringing our pool back to life. We could not be happier with the craftsmanship and professionalism of his team. He kept us well informed of the process, and when things arose outside of the scope of work due to unseen issues, he promptly informed us, and the right decisions were made to give us a high quality renovation. I would highly recommend Lazy Day Pool and Spa to anyone and will forever be a customer in years to come.

Mike from LazyDay Pools did an amazing job installing my vinyl liner and fixing the disaster caused by another pool company (Carlton Pools & Property Solutions!) He was a man of his word, very professional and probably most important, extremely skilled at his craft.

I rarely leave reviews, but this company saved my tail and I cannot be anymore grateful! I highly recommend this company!
